The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state, whether arising from natural or man-made disasters or emergencies.

This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' National Guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states.

63 O.S. 1991, Section 684.3 General Implementation

Each party state entering into this compact recognizes that many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they need in all types of emergencies or the capability of delivering resources to the area where emergencies occur.

The prompt, full and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for the formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

Updated/Revised Title 63 – May 2003

63 O.S. 2001, Section 684.4 Party State Responsibilities

ARTICLE III

Party State Responsibilities

A. It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans, and in carrying them out, the party states, insofar as practical, shall:

1. Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural or man-made disasters or emergencies;

2. Review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency;

3. Develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;

4. Assist in warning communities adjacent to or crossing the state boundaries;

5. Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, and resources, both human and material;

6. Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and

7. Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the above responsibilities.

B. The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this compact shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within thirty (30) days of the verbal request. Requests shall provide the following information:

1. A description of the emergency service function for which assistance is needed, including, but not limited to, fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;

2. The amount and type of personnel, equipment, materials and supplies needed and a reasonable estimate of the length of time they will be needed; and

3. The specific place and time for staging of the assisting party's response and a point of contact at that location.

C. There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States Government, with free exchange of information, plans, and resource records relating to emergency capabilities.

D. The Governor of the State of Oklahoma shall not be obligated under this compact to send the requested assistance, except in such Governor's sole and absolute discretion, and may be withdrawn at any time in the sole and absolute discretion of the Governor of Oklahoma.

63 O.S. 1991, Section 684.5 Limitations

Updated/Revised Title 63 – May 2003

Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state.

Each party state shall afford the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state emergency or disaster by the governor of the party state that is to receive assistance or upon commencement of exercises or training for mutual aid and shall continue as long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

63 O.S. 1991, § 684.6 Licenses and Permits

Whenever any person holds a license, certificate, or other permit issued by any state party evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

63 O.S. 1991, Section 684.7 Liability

Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes. No party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

63 O.S. 1991, Section 684.8 Supplementary Agreements

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this compact contains elements of a broad base common to all states, and nothing herein shall preclude any state entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may include, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

63 O.S. 1991, Section 684.9 Compensation

Each state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces who sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

63 O.S. 1991, Section 684.10 Reimbursement

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Section 684.9 expenses shall not be reimbursable under this section.

Updated/Revised Title 63 – May 2003

63 O.S. 1991, Section 684.11 Evacuation

Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant, shall be worked out and maintained between the party states and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

63 O.S. 1991, Section 684.12 Implementation

A. This compact shall become effectively immediately upon its enactment into law by any two states. Thereafter, this compact shall become effective as to any other state upon enactment by that state.

B. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until thirty (30) days after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states. Such action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.

C. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the Federal Emergency Management Agency and other appropriate agencies of the United States Government.

63 O.S. 1991, Section 684.13 Validity

Nothing in this compact shall authorize or permit the use of military force by the National Guard of a state at any place outside that state in any emergency for which the President is authorized by law to call into federal service the militia, or for any purpose for which the use of the Army or the United States Air Force would in the absence of express statutory authorization be prohibited under Section 1385 of Title 18 of the United States Code.

Nothing in this compact shall limit or prohibit the Governor's authority to send troops out of state as specified in Section 229 of Title 44 of the Oklahoma Statutes.

63 O.S. 2001, Section 685.1 Emergency Interim Executive and Judicial Succession Act

63 O.S. 2001, Section 685.2 Findings and declarations

63 O.S. 1991, Section 685.10. Removal of successors

Such disputes with respect to the office of Governor shall be determined by the Supreme Court.

63 O.S. 2001, Section 686.1 Emergency Interim Legislative Succession Act

This act shall be known as the "Emergency Interim Legislative Succession Act" and shall be cumulative to the Oklahoma Emergency Management Act of 2003.

63 O.S. 2001, Section 686.2 Declarations

The Legislature declares:

1. Because of existing possibilities of natural or man-made disasters or emergencies of unprecedented destructiveness, which may result in the death or inability to act of a large proportion of the membership of the Legislature; and
2. Because to conform in time of emergency or disaster to existing legal requirements pertaining to the Legislature would be impracticable, and would jeopardize continuity of operation of a legally constituted Legislature; it is therefore necessary to adopt special provisions as hereinafter set out for the effective operation of the Legislature during natural or man-made disasters or emergencies.

63 O.S. 2001, Section 686.3 Definitions

As used in this act:

1. "Emergency" means any occasion or instance for which, in the determination of the President of the United States or the Governor of the State of Oklahoma, federal or state assistance is needed to supplement state and local efforts and capabilities to save lives, protect property, public health and safety, or to lessen or avert threat of a catastrophe in any part of the state;

Updated/Revised Title 63 – May 2003

63 O.S. 1991, Section 686.4 Designation of emergency interim successors

Each Legislator shall designate not fewer than three nor more than seven emergency interim successors to his powers and duties and specify their order of succession. Each Legislator shall review and, as necessary, promptly revise the designations of emergency interim successors to his powers and duties to insure that at all times there are at least three such qualified emergency interim successors.

63 O.S. 1991, Section 686.5 Emergency interim successor defined - Qualifications - Tenure

An emergency interim successor is one who is designated for possible temporary succession to the powers and duties, but not the office, of a Legislator. No person shall be designated or serve as an emergency interim successor unless he may, under the Constitution and statutes hold the office of the Legislator to whose powers and duties he is designated to succeed, but no constitutional or statutory provision prohibiting a Legislator from holding another office or prohibiting the holder of another office from being a Legislator shall be applicable to an emergency interim successor. An emergency interim successor shall serve at the pleasure of the Legislator designating him or of any subsequent incumbent of the Legislative office.

63 O.S. 1991, Section 686.6 Maintaining minimum number of successors

Prior to an emergency or disaster, if a legislator fails to designate the required minimum number of emergency interim successors within sixty (60) days following the effective date of this act or, after such period, if for any reason the number of emergency interim successors for any legislator falls below the required minimum and remains below such minimum for a period of sixty (60) days, then the floor leader of the same political party in the same house as such legislator shall, by and with the consent of the Speaker of the House of Representatives or President Pro Tempore of the Senate, promptly designate as many emergency interim successors as are required to achieve such minimum number, but the floor leader shall not assign to any designees a rank in order of succession higher than that of any remaining emergency interim successor previously designated by a legislator for succession to the legislator's own powers and duties. Each emergency interim successor designated by the floor leader shall serve at the pleasure of the designating person, but the legislator for whom the emergency successor is designated or any subsequent incumbent of the office may change the rank in order of succession or replace at the pleasure of the designating person any emergency interim successor so designated.

63 O.S. 2001, Section 686.7 Effective date of designations and removals - Recording

Each designation of an emergency interim successor shall become effective when the legislator or party floor leader making the designation files with the Secretary of State the successor's name, address and rank in order of succession. The removal of an emergency interim successor or change in order of succession shall become effective when the legislator or party floor leader, so acting, files this information with the Secretary of State. All such data shall be open to public inspection. The Secretary of State shall inform the Governor, the Oklahoma Department of Emergency Management, the journal clerk of the house concerned and all emergency interim successors, of all such designations, removals and changes in order of succession. The journal clerk of each house shall enter all information regarding emergency interim successors for the house in its public journal at the beginning of each legislative session and shall enter all changes in membership or order of succession as soon as possible after the occurrence.

63 O.S. 1991, Section 686.8 Oaths

63 O.S. 1991, Section 686.10 Changing place of session

Whenever, in the event of an emergency or disaster or upon finding that an emergency or disaster may be imminent, the Governor deems the place of session then prescribed to be unsafe, the Governor may change it to any place within the state which the Governor deems safer and more convenient.

63 O.S. 2001, Section 686.11 Calling of session - Limitations suspended

In the event of an emergency or disaster, the Governor shall call the Legislature into session as soon as practicable, and in any case within thirty (30) days following the inception of the emergency or disaster. Each legislator and each emergency interim successor, unless the Governor is certain that the legislator to whose powers and duties the legislator is designated to succeed or any emergency interim successor higher in order of succession will not be unavailable, shall proceed to the place of session as expeditiously as practicable. At such session or at any session in operation at the inception of the emergency or disaster, and at any subsequent session, limitations on the length of session and on the subjects which may be acted upon shall be suspended.

63 O.S. 2001, Section 686.12 Exercise of powers and duties by successors - Ouster provisions applicable

An emergency interim successor shall exercise these powers and assume these duties until the incumbent legislator, an emergency interim successor higher in order of succession, or a legislator appointed or elected and legally qualified can act. Each house of the Legislature shall, in accordance with its own rules, determine who is entitled under the provisions of this act to exercise the powers and assume the duties of its members. All constitutional and statutory provisions pertaining to ouster of a legislator shall be applicable to an emergency interim successor who is exercising the powers and assuming the duties of a legislator.

When an emergency interim successor exercises the powers and assumes the duties of a legislator, the emergency interim successor shall be accorded the privileges and immunities, compensation, allowances and other perquisites of office to which a legislator is entitled. In the event of an emergency or disaster, each emergency interim successor, whether or not called upon to exercise the powers and assume the duties of a legislator, shall be accorded the privileges and immunities of a legislator while traveling to and from a place of session and shall be compensated for travel in the same manner and amount as a legislator. This section shall not in any way affect the privileges, immunities, compensation, allowances or other perquisites of office of an incumbent legislator.

63 O.S. 2001, Section 686.14 Termination of authority

The authority of emergency interim successors to succeed to the powers and duties of legislators, the operation of the provisions of this act relating to quorum, the number of affirmative votes required for legislative action, and limitations on the length of sessions and the subjects which may be acted upon, shall expire two (2) years following the inception of an emergency or disaster, but nothing herein shall prevent the resumption before such time of the filling of legislative vacancies and the calling of elections for the Legislature in accordance with applicable constitutional and statutory provisions. The Governor, acting by proclamation, or the Legislature, acting by concurrent resolution, may from time

The Governor may issue necessary orders for orderly transition of the affairs of government to any temporary emergency or man-made disaster location, which remains the seat of state government until the Legislature establishes a new location, or until the emergency or man-made disaster is declared ended by the Legislature and the seat is returned to its normal location in Oklahoma City, Oklahoma.

63 O.S. 1999, Section 690.6 Acquisition of Real Property

A. The Legislature declares it to be necessary for the public health and welfare to provide a means for municipalities in this state to implement measures to reduce losses from flood disasters. The acquisition of real property for this objective shall constitute a public purpose for which public funds may be expended.

B. Municipalities are empowered and authorized to acquire fee title to real property and easements therein by purchase, gift, devise, lease or otherwise for flood control.

C. Title information, appraisal reports, offers, and counteroffers are confidential until an option contract is executed or, if no option contract is executed, until thirty (30) days before a contract or agreement for purchase is considered for approval by the governing board of the municipality. However, each municipality may, at its discretion, disclose appraisal reports to private landowners during negotiations for acquisitions using alternatives to fee simple techniques, if the municipality determines that disclosure of such reports will bring the proposed acquisition to closure. In the event that negotiation is terminated by the municipality, the title information, appraisal report, offers, and counteroffers shall become available to the public.

D. Real property acquired for the purposes enumerated in this section may also be used for recreational purposes, and whenever practicable such real property shall be open to the general public for recreational uses. Except when prohibited by a covenant or other restriction, real property managed and controlled by the municipality may be used for multiple purposes, including, but not limited to, agriculture and silviculture, as well as boating and other recreational uses.

. The provisions of this section shall not limit the exercise of similar powers delegated by statute to any state or political subdivision of this state.

7. Allocation or expenditures necessary to provide funds for disaster relief programs to political subdivisions for damage caused by fire, hail, tornado, explosion, windstorm, flood or other catastrophe for which federal disaster relief funds have been requested by the Governor and rejected by the Federal Emergency Management Agency (FEMA). Provided, that no political subdivision shall be deemed eligible for an allocation or expenditure of funds from the State Emergency Fund under this paragraph unless such area has first been deemed a disaster area by an executive declaration by the Governor of the State of Oklahoma.

Expenditures made to political subdivisions under this section shall be audited and processed by the Oklahoma Department of Emergency Management. No application for an allocation or expenditure of funds shall be made until it is certified by the political subdivision that no other monies are available to reimburse the requesting entity for expenditures made as a result of the catastrophe. No geographical area which has been declared a disaster area by the Governor may receive an allocation of funds under this section in excess of One Hundred Thousand Dollars (\$100,000.00) in a calendar year.
